

REMARKS

Amendments

The above amendments are directed to matters of form. In particular, the claims are amended to use language in accordance with conventional US practice and to delete superfluous terms. Claim 7 is amended to recite that the compounds of formulas (5) and (6) are in the ration defined by the parts by weight. See page 13 of the specification. Additionally, claims 15-17 are converted into Jepson format. Use claims 15 and 17 are amended to be directed to a laminated safety glass article and an electronic system having at least one ion-conductive intermediate layer, respectively.

As mentioned, these amendments directed to matters of form. The amendments do not require extensive further consideration by the Examiner, and place the claims in better condition for issuance. Entry of the amendments is respectfully requested.

The Commissioner is hereby authorized to charge any fees associated with this response or credit any overpayment to Deposit Account No. 13-3402.

Respectfully submitted,
